Hello Wes,

The attached 2021-10-19 RES071_RES099_RES160 – BSER – Mitigated – [CUI] is approved. Please draft the EPA letter for review and signature.

I would request Locus to include the following statement on the EPA letter:

“If you plan to remodel beyond cosmetic changes (for example, any construction that may affect the foundation, crawlspace, or HVAC system of your home), please call Locus’ mitigation services at 408-329-6654 or e-mail Nancy-Jeanne LeFevre (Project Technical Lead) at lefevren@locustec.com.”

For other future BSERs please include the above statement on “Section 10.2 – Long Term Sampling Plan”

Thank you,
